

Barcelona *Contemporary Ogee*

The striking edge contours of Barcelona are evident from first sight. Made with a double-waterfall edge that emulates natural stone surfaces, Barcelona adds distinction and flair that is perfect both for classic and modern designs.

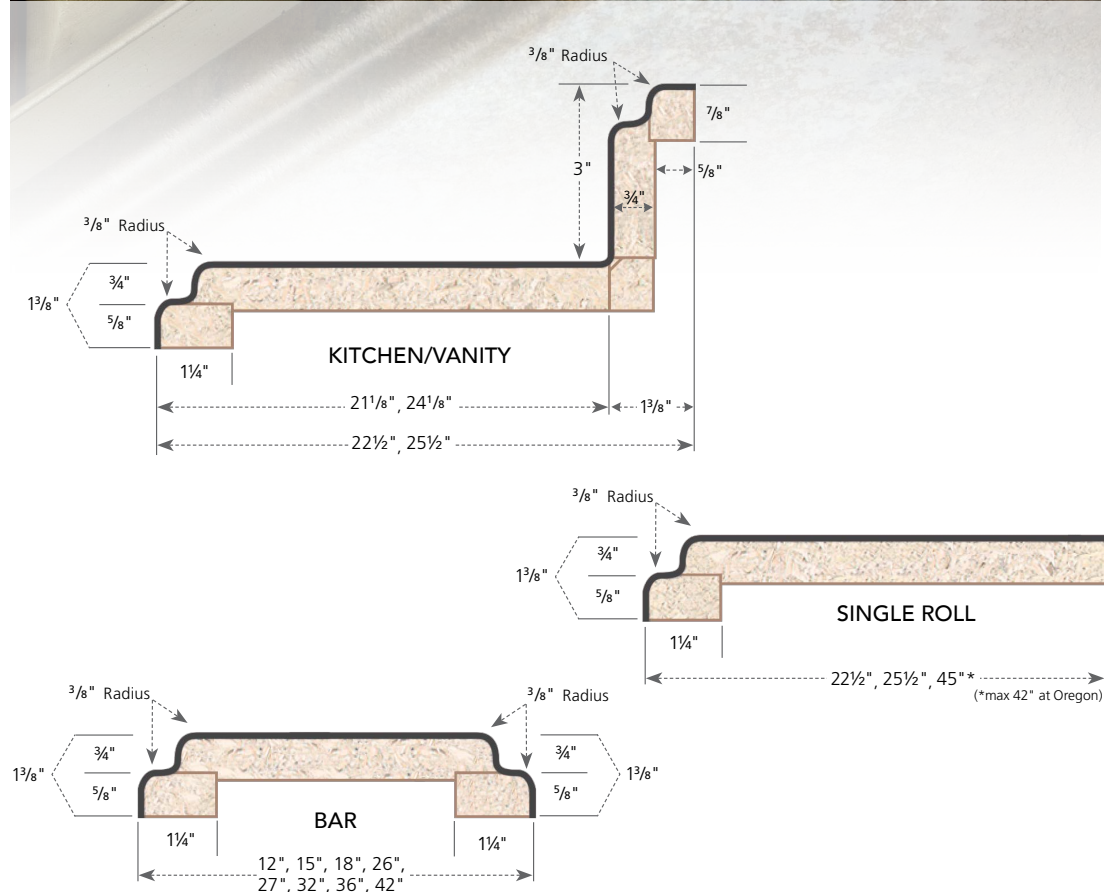

The future is beyond flat. Experience VT Dimensions.

The Barcelona contemporary ogee profile adds dimensional beauty and character to VT Dimensions countertops. More than just a flat surface, VT Dimensions bring everything together into one seamless and contoured offering—with the depth, the style, and seamless edge you want.

Experience a whole new dimension in countertops with VT Dimensions.
